Welcome to the Air Compliance and Enforcement (ACE) Academy Training website. Our goal is to provide the regulated community with the information needed to better understand the regulations and maintain compliance. ACE initiated the training program as part of our Strategic Plan, which requires us to “effectively balance compliance assistance, enforcement and education to achieve compliance and move the regulated community and the public towards environmental stewardship”. The training program is offered **free of charge** to the regulated community and the general public.

### **Upcoming Training – April 9, 2014**

We are pleased to announce that the next seminar is scheduled for Wednesday, April 9, 2014. The seminar will be held from 8:15 a.m. through 4:00 p.m. in the Auditorium of the NJ Forensic Science Technology Center located in Hamilton, NJ. Registration will start at 8:15 a.m., and the seminar will begin promptly at 9:00 a.m. Directions to the facility are available at:

### **Compliance Advisories**

Compliance and Enforcement has created an advisory system to help the regulated community quickly and easily recognize the intent and utility of its various outreach efforts. Each advisory follow a common abbreviated format to outline the issue, help you determine if you are affected, describe what you can do, and how to get more information.
